

Phase 9 - Document 2

Navigation Architecture & Information Architecture

Purpose

Define the complete structure, navigation and user journeys of the Skill Arena platform.

Public Navigation

Home, Games, Leaderboards, Tournaments, About, Support, Login and Register.

Authenticated Navigation

Dashboard, Games, Challenges, Tournaments, Leaderboards, Wallet, Replays, Profile and Settings.

Dashboard Structure

Player overview, featured games, season progress, challenges, rankings and quick actions.

Games Hub

Maze Arena, Memory Arena, Logic Arena, Pattern Arena and future games without redesign.

Challenges Architecture

Daily Calibration, Daily Challenges, Weekly Challenges, Boss Challenges and Seasonal Challenges.

PvP Structure

Ranked, Casual, Private Challenges and Tournament Play.

House Challenges

Bronze, Silver, Gold, Platinum, Elite and Legend challenge tiers.

Tournament Architecture

Open, Seasonal, Championship and Global Tournaments.

Leaderboards

Global, Country, League, Game, Season and All-Time rankings.

Wallet Navigation

Overview, Deposits, Withdrawals, Rewards and Transactions.

Replay Center

My Replays, Saved Replays, Shared Replays and Challenge Reviews.

Profile Structure

Overview, Statistics, Achievements, League History and Trust History.

Notifications

Rewards, Security, Challenges, Tournaments, Wallet and System updates.

Settings

Profile, Security, Language, Theme, Privacy and Notification Preferences.

Mobile Navigation

Home, Games, Challenges, Wallet, Profile and More menu.

Admin Navigation

Dashboard, Users, Fraud, Treasury, Replay Theater, Support, Reports and System Health.

Search Architecture

Search Players, Games, Challenges, Replays and Tournaments.

Future Expansion

Marketplace, Guilds, Streaming, Coaching and additional games.

Success Criteria

Players can find any major feature within three clicks and understand the platform within five minutes.
