

## **Phase 9 - Document 6**

### **PvP, Tournaments, Clans and Competitive Ecosystem**

#### **Purpose**

Transform Skill Arena from a game into a long-term competitive ecosystem.

#### **Competitive Philosophy**

Players should feel they belong to a community, league and progression system.

#### **PvP Hub**

Ranked, Casual, Private Challenges, Rivals, Match History and Statistics.

#### **Ranked Play**

Primary competitive mode with leagues, rankings, rewards and progression.

#### **Casual Play**

Practice mode without rank impact.

#### **Private Challenges**

Direct challenges between players with configurable stakes and settings.

#### **Rivals System**

Automatically suggests players of similar rank to create long-term competition.

#### **Rival Dashboard**

Displays wins, losses, head-to-head history and current rivalry streaks.

#### **Friends System**

Online friends, invitations, recent activity and social interaction.

#### **Clan System**

Clan leadership, members, rankings, achievements and progression.

#### **Clan Benefits**

Clan tournaments, rewards, achievements and future treasury support.

#### **Tournament Hub**

Open, Live, Upcoming and Completed tournaments.

#### **Tournament Structure**

Qualification, brackets, elimination rounds and championship events.

## **Seasonal Championships**

Top-tier competitive events based on seasonal performance.

## **Global Championships**

World-level competitive events and regional rankings.

## **Spectator Experience**

Replay-based viewing of top players and championship matches.

## **Achievement System**

Milestones, unlocks, rewards and progression recognition.

## **Prestige System**

Long-term progression beyond normal ranking systems.

## **Community Events**

Weekend events, holiday events, seasonal challenges and boss events.

## **Notifications**

Friends online, tournament reminders, rival challenges and clan updates.

## **Mobile Experience**

Full support for tournaments, challenges, rivals and clans.

## **Future Expansion**

Streaming, coaching, guild wars, marketplaces and advanced social features.

## **Success Criteria**

Players return because of community, rivals, clans and tournaments rather than only gameplay.
